If you are unsure about any of the above, please contact us prior to our end of tenancy inspection!

You will not be allowed back in the house after you have returned your keys.

Your deposit is at risk if the property is not left in an appropriate condition.

Cost of Works Schedule

It is a requirement of your tenancy that, amongst other things, the property is cleaned to a professional standard, Carpets are **professionally** cleaned (with a suitable receipt for the latter) and the garden is left in a suitable condition.

If you do not fulfil your obligations and the property is not left in a satisfactory state, then you will not be allowed back into the property after the end of your tenancy to put these matters right. Instead, we will have no alternative but to instruct contractors to undertake the remedial work necessary and will look to make deductions from your damage deposit.

The following table gives an **indication & Guide** of the cost of works likely to be deducted from your deposit. Clearly, actual amounts will depend on factors including the actual size of the property and the extent of the work/cleaning needing to be done. Prices may not include VAT.

| Property Size | Carpet Clean (approx)** | House Clean | Standard Oven Clean | Gardening | General Clearance |
|---------------|-------------------------|----------------------|---------------------|-------------------|---------------------------------------|
| 2 bedrooms | From £125 | From £22.50 per hour | £45 - £80 | From £25 per hour | From £20per hour plus tipping charge. |
| 3 bedrooms | From £200 | | | | |
| 4 bedrooms | From £250-£300 | | | | |

****If the carpet cleaner you propose to use is considerable cheaper than these guidelines we would urge you consider if the quality will be sufficient to meet your obligations under the tenancy agreement. A receipt does not constitute that works have been carried out to an appropriate standard.**

Keys

ALL keys must be returned to Bassets, by **5.30pm** on or before the last day of your tenancy. **Failure could mean additional rent being owed.**

If they are not, this may create a security issue and we may have to employ a locksmith to change the locks on all the external doors. The approximate cost of this will be £150 to £300 depending on the number and types of locks involved, which will be deducted from your Damage deposit.

Lost Rent

Please note that should you not leave the house satisfactorily and the move-in for the next tenants is delayed because of this, you may also be held liable for any rent lost by the Landlord.

**WE WOULD MUCH PREFER TO REFUND
YOUR DEPOSIT IN FULL.**

SO PLEASE CARRY OUT THE REQUIRED WORKS.
